Daughter of Former President Is Youngest College Executive in the World

NEW HAVEN, Conn., June 1.—Mr. and Mrs. William Howard Taft to-day announced the engagement of their daughter, Helen, to Frederick Johnson Manning, Mr. Manning is an instructor in history at Yale University. He was a member of the class of 1916 at Yale and was until September, 1919, a first lieutenant in the field artillery of the United States army. The marriage will take place in Canada in July.

The announcement of Miss Taft's engagement to Mr. Manning was first made in Cincinnati by some of her friends on last April 4 and was printed in The Tribune on April 5.

On April 5, at Santa Barbara, Calif., Miss Taft denied the report of her engagement.

Miss Taft is twenty-nine years old. She was confirmed as acting President of Bryn Mawr on June 5, 1918, to fill the place of Dr. M. Carey Thomas, who went on a trip around the world. She made her appearance in society at the White House in December, 1910. She has devoted much of her time to social and economic problems, and was active in war work. At the time she was elected to head Bryn Mawr she was said to be the youngest college president in the world.

Mr. Manning met Miss Taft in 1917, at the time they were both doing post-graduate work. He is a member of the Delta Kappa Epsilon fraternity and lives at New Haven.

Thieves Bind Watchman; Steal \$100,000 in Furs

Guard Pursued by Trick to Violate Rules by Opening Door

Four men entered the establishment of the National Fur Dressing Company, Inc., at 20 to 24 Vandam Street, Brooklyn, Friday night, assaulted and bound the watchman, J. Fischer, of 1844 Prospect Place, blew open a vault and escaped with \$100,000 worth of furs, it became known yesterday.

After the escape of the robbers Fischer freed himself and reported the matter to the police of the Greenpoint investigation. The value of \$100,000 upon the stolen furs was placed by J. Katsky, a member of the firm. Captain Daniel J. Carey, of the 18th Branch Detective Bureau, in charge of the investigation of the robbery, declares the furs are not worth more than \$15,000.

Americanization Week Program Is Inaugurated

Andrew Humphrey Opens Campaign With Address on Landing of Pilgrim Fathers

The landing of the Pilgrim Fathers three hundred years ago was the theme of the opening day of Americanization week, which was celebrated yesterday at Wanamaker's Auditorium. The speaker was Andrew Humphrey, secretary of Sulgrave Institution. "My ancestors may have come over in the Mayflower; some of you may have had ancestors who came on the Mayflower," said Mr. Humphrey, "but it is all one to us now. It is how we live after we become Americans that matters."

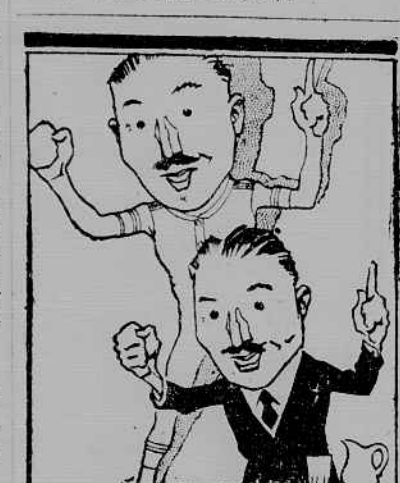

"The next fifty years are going to be the most critical in the history of this country. Either we are going to emerge from this crisis the strongest nation in the world or we are going to face

chaos. It all depends upon how we educate the next generation of Americans. That is why we are emphasizing the landing of the Pilgrim Fathers and the principles of freedom and right for which they stood."

A motion picture, "A Gold Star Pilgrimage," was shown.

Gregorian Chant Opens First Congress in U. S.

3,500 Parochial School Children Sing Under Leadership of Two Monks

The first International Congress of Gregorian Chant to be held in America began a three day's session yesterday morning at St. Patrick's Cathedral with the singing of the Missa de Angelis. Three thousand five-hundred children from the parochial schools of New York

and Brooklyn sang the Common. The Proper was sung by seventy-five seminarians from St. Bernard's Seminary, Rochester.

Dom Gatard, who with the venerable Dom Mocquereau, came from Quar Abbey, England, to head the congress, directed the singing. Both are Benedictine monks and famous authorities on the Gregorian Chant. Joseph Bonnet was at the organ. The Congress was opened by Patrick J. Hayes, archbishop of New York.

In the Cathedral College Hall yesterday afternoon Dom Mocquereau and Dom Gatard gave a lecture on "The

Popes and the Restoration of the Roman Chant." Dom Mocquereau spoke for a few moments in French. Dom Gatard translated his remarks and completed the lecture in English.

Vespers and Compline celebrated at 5 o'clock in the Cathedral and public discussion on Gregorian music and congregational singing, conducted by Rev. Dr. Ryan, in the Cathedral College Hall completed the program.

A solemn pontifical requiem mass for those who died in the war will be celebrated at 11 o'clock this morning in the Cathedral. The Congress will close on Thursday morning at 11 o'clock with the celebration of the Feast of Corpus Christi in the Cathedral.

BOYS, BRAINS and BONUS

There were twenty-nine very young Americans at the last luncheon of the Rotary Club of New York at the Hotel McAlpin. Their knickers and mirror-polished shoes proclaimed them "just boys," but the brains they evidenced seemed to contradict their extreme youth. Incidentally, they received bonuses not controlled by Congress.

Twenty-nine prize winners from the public schools of New York! It was a step in the Rotary Club's campaign for the Americanization of all boys who live in these lands to-day, no matter whence they sprang at another day.

These boys had entered the contest, open to all public school boys in the city, for the best essay written on a theme chosen from the Rotary Club's weekly paper "Spokes." The result fairly astounded the men present at the luncheon—and the ballroom was full! Two of the essays were read by their authors. These boys received, as a bonus if you will, twenty-five dollars in gold, each. The other twenty-seven—incipient Emersons all—were rewarded with five dollar gold pieces encased in containers so clever that they will serve as lifelong souvenirs.

President Raymond J. Knoepfel, of the Rotary Club of New York, as chairman of the meeting, welcomed the boys with as much gusto and ceremony as he would have lavished on a famed visiting delegation of diplomats—which is as it should be!

The presence of the boys acted as a powerful stimulant upon the men who are working so earnestly for the uplift of the very youths who are denied the usual privileges of boyhood; and gave them a necessary, tangible manifestation of the great good they are accomplishing.

It is the intention of the Rotary Club of New York to make its Americanization campaign felt in the farthest corners of the country—on the sunbaked plains of Arizona, in the mountainous backwoods of Kentucky, the dense recesses of the Northwest and the sleepy seaboard towns of our endless coastline. It starts with New York City, the great melting pot, and invites the co-operation of every patriot in a work which will lift this country to a higher plane than that ever attained by any other.

On Stopping a Leak
THE little boy who stuck his finger in the hole of the dike, stopped the leak and saved a town, is an historical figure.
In business history the Dictaphone plays a part of similar importance. It stops the most disastrous leak of all in business progress—the leak of time.
Get a thought. Dispose of it immediately by dictating it to the Dictaphone. Forget it. Get another—and repeat the process. Let the typist put them on paper when time permits. But keep thoughts moving—they're fresher and more forceful that way. Stop the leak in your office with the Dictaphone.
